# Solid surface countertop selections

The superior durability of solid surface countertops allows it to survive impacts, nicks and cuts that mar most surfaces—and it's renewable. With the ability to buff away nicks and scratches, solid surface countertops will look and perform like new for many years, postponing the need for costly replacement. Because solid surface is non-porous, it will not support microbial growth when properly cleaned.

Choose from many solid surface countertop options to complement your design.

Special color selections for countertops result in an upcharge and possibly a longer lead time. The standard solid surface countertops listed above are not available on all models. Please call the Medical Customer Experience Department at 1-800-MIDMARK for availability.

# Laminate countertop selections

Laminate countertops are easy to clean and maintain, requiring no special upkeep. Costing less than solid surface, quartz and engineered stone, laminate is also an affordable solution for your countertop needs. We offer a variety of selections to complement any style of decor.

Special color selections for countertops result in an upcharge and possibly a longer lead time.

# Renew color inserts

Color inserts are available only in Renew style panels. Grey front with snap-on handle design.

Laminate colors listed in the color guide are Formica® or Wilsonart®, and the solid surface countertops are Corian® and EOS-Cupron. We have tried our very best to accurately represent product colors in this brochure. However, due to the nature of printed media, the color of actual products may differ slightly from how they appear on your printed piece. Colors are subject to change by suppliers. In order to confirm your color selection, we strongly recommend that you contact the Midmark Customer Experience Department at 1-800-MIDMARK to request a sample before placing your order.
