Re: Bravo Autoclave

Dear valued SciCan customer,

Thank you for taking the time to contact our company with your request for information regarding the BRAVO autoclave. Please find below the technical specification you requested:

Bravo Autoclave

Model numbers: W#AJM00D1000, W#AJP00D1000, W#AJG00D1000

Supply Voltage 220V-230 V, 10A, ~60Hz

All 220V models have the same technical specification as above. The unit will handle +/- 22 volts (10%), resulting in voltage tolerance of 198V to 242V. The +/- 10% tolerance on power supply is stated by the EN 61010-1:2001 standard, to which all autoclaves conforms.

If you require anything further please do not hesitate to contact us.

Thank you,

Alana Ross
Product Manager
