1301 Industrial hwy.

Cinnaminson, NJ. 08077

- All orders must be placed through an authorized I.L.S. Dental Dealer.
- Orders taken by phone are processed according to our understanding of your verbal instructions.
- Please include the following information with your order.

Purchase Order Number	Description
Shipping Address	Color of Cabinets
Shipping Date Required	Color of Tops
Method of Shipping	Color of Accent Panels (where applicable)
Quantity	Accessories and Options
Model and/or Part Number	Pulls or Touch latches (If Pulls give Color)
- To ensure that your order is processed correctly, we suggest that your order be accompanied by a layout indicating the overall top dimensions and cabinet arrangement.
- I.L.S. can supply custom work. Please contact the factory with your special requirements.
- We are constantly striving to improve our products, and we reserve the right to make modifications without the need for prior notification. Nor are we obligated to modify previously manufactured items. Every order received by phone is acknowledged in writing. It is your responsibility to check acknowledgments. Carefully against your order to ascertain it is correct.

## ELECTRICAL

- All outlets are UL approved, 20 amp.

## TERMS

- All payments are Net 30 days.
- A service charge of 2% per month will be charged on accounts over 30 days.
- Customer is responsible for payment of all costs and expenses of collection of any debt to I.L.S. including but not limited to attorney fees, court costs, and any other costs associated with collection.

## SHIPPING

- Carrier is responsible for damage or loss in transit. Any external damage should be noted on receipt as "received in bad condition" and contact carrier (within 2 days) and arrange for inspection. If concealed damage is found when cabinets are unpacked, a "request for inspection" to the carrier must be made within 10 days.
- Unless exact shipping instructions are indicated with your order, shipment will be determined by I.L.S.
- All shipments are made F.O.B. Cinnaminson, NJ, freight collect unless otherwise specified.

## RETURN POLICY

- Cabinets will not be accepted for return without prior authorization. If written consent is given for a return, credit will be issued for the original invoice price less transportation cost, less 15% restocking charge.
- Custom designed cabinets or special colors (non standard) are not returnable.
- You must supply copy of original invoice and reasons for return with your return authorization request.
- All cancellations must be confirmed in writing. Any order in process at the time the cancellation is received is subject to a charge of 15% or more, depending on the amount of work completed.

## WARRANTY

- I.L.S. warrants its products to be free from defects in material and workmanship and agrees to remedy any such defect, or to furnish a new or equal part in exchange. Staining, discoloration, or deterioration of laminate caused by disinfectant solutions, X-ray processing solutions, and other solvents and chemicals are not covered under this warranty. No other warranties are expressed or implied. This warranty shall extend for five years from date of original purchase, provided such product is used for the purpose for which it is intended, and the damage is not the result of abuse or misuse. This warranty does not cover damage resulting from improper installation, or accidents incurred in shipping and handling.

## DISCLAIMER

- I.L.S. reserves the right to change, modify or delete any product and/or price without prior notice. ILS is not responsible for typographical errors in this catalog.

## CUSTOMER SERVICE

- I.L.S. customer service is available by phone Monday thru Friday, 8:00 am to 5:00 pm, EST
- Sales and Technical Service Phone number is 856-786-6500 or 800-294-1333, Fax: 856-786-8912.
- General Office and Accounting Dept. Phone number is 856-786-6500, Fax: 856-786-8912.
- Integrated Laminate Systems, 1301 Industrial Hwy., Cinnaminson, NJ, 08077.

## CARE INSTRUCTIONS FOR LAMINATED COUNTERTOPS

The abc's of Easy Care is a complete guide to keeping any laminate surface attractive and new looking

Everyday cleaning of your product is as simple as a quick wipe with a damp sponge. All resist coffee spills and so much more.

Be sure to read and follow the recommended care and cleaning procedures.

### TO CLEAN THE SURFACE

Use a damp cloth or sponge and a mild soap or detergent.

Difficult stains such as coffee or tea can be removed using a mild household cleaner/detergent and a soft bristled brush, repeating as necessary.

For every stubborn stain, make a paste of baking soda and water and apply with a 3M-bristled sponge. Light Scrubbing for 10 to 20 strokes should remove most stains. Although baking soda is a low abrasive, excessive scrubbing or exerting too much force could damage the decorative surface, especially if it has a gloss finish.

### SPECIAL TIPS

Always rinse laminate surfaces after cleaning! Failure to rinse after cleaning is the single greatest cause of damage to a laminate surface. If even a small amount of cleaning solution remains on the surface, moisture from cups or dishes can reactivate it and result in permanently-etched scars.

Remember to use a cutting board if any use of a knife is necessary.

Laminate may need occasional dusting depending on where it is used. To keep the surface beautiful use non-oily furniture spray such as Hopes Polish or Pledge (Remember to clean the spray off several

times a year to prevent buildup) Polish can also hide fine scratches in the surface.

### A FEW NOTES OF CAUTION

Acidic or Abrasive cleaners can damage laminate surfaces do not use them.

Drain cleaners containing lye will permanently damage any laminate surface. If you spill a drain cleaner, wipe it up immediately and rinse several times with warm water.

Hair, textile and food dyes can cause permanent stains. If dye should happen to spill wipe it up immediately with dishwashing detergent of all-purpose cleaner.

Rust removers contain harsh chemicals, which will quickly cause permanent damage. If a spill occurs, wipe all of residue immediately, wash thoroughly with soapy water and rinse several times.

Steel wool and other abrasive pads will damage laminate. Don't use them for cleaning and don't store steel wool pads on your countertop; the metal can rust and leave stains.

### RECOMMENDED HOUSEHOLD CLEANSER:

Formula 409

Ajax

Dawn

Dow Bathroom Cleaner

Scrubbing Bubbles

Sulfuric Acid	Oleic Acid Oil of Vitriol Oleum
---------------	---------------------------------------

Hydrofluoric Acid	Rust Remover
-------------------	--------------

Phosphoric Acid	Rust Remover <b>Caustic</b>
-----------------	--------------------------------

Sodium Hydroxide	Caustic Soda
------------------	--------------

	Lye Soda Lye
--	--------------

Pumice (abrasive)

## SINK MAINTENANCE - CARE AND

### CLEANING

All of our stainless steel sinks are fabricated of nickel bearing Stainless Steel, which, with proper care and maintenance, will not rust under normal household conditions.

From past experience, we have found that the most common cause of surface rust is the use of rubber plastic dish mats in the sink compartment. The mat cut-off the oxygen supply to the surface of the metal and maintains moisture, which eventually dries to a rust spot.

Other common causes of surface rusting are the use of steel wool soap pads or where you have a water condition having a very high iron content. In the case of the steel wool pads, particles adhere to the sink surface and rust over a period of time. Where there

are high iron contents in the water, the residue which dries over the sink surface turns to a rust color and gives the appearance of the sink rusting. Another common cause of surface rusting is chlorides being left on the sink surface. Chlorides are found in all of today's detergents, soaps and cleaners. To protect the sinks finish, we suggest the sink be drained, rinsed and wiped dry at the end of the day. Never allow concentrated liquid detergents to remain on the stainless steel surface.

Ideally, once a week the sink should be scoured with a mildly abrasive cleanser, such as Bar Keeper's Friend, Zud or Comet along with a Scotch-Brite fiber scrubbing pad. Making sure to rub back and forth in the direction of the sinks grain lines. After scouring, the sink must be rinsed thoroughly and towel dried. Following these steps will help to remove any stubborn stains, discoloration, spotting, etc. and will ensure that the finish remains bright and sanitary.

We hope this information will be helpful in maintaining your sink.

If we can be of any further service, please feel free to contact our office (856) 786-6500.
