

ECO-STAR

AMALGAM SEPARATOR SYSTEMS

TECH WEST'S ECO-STAR AMALGAM SEPARATOR SYSTEMS ARE ON THE LEADING EDGE OF TECHNOLOGY IN DESIGN AND PERFORMANCE

- DESIGNED TO SERVE UP TO 10 CHAIRS
- EASY FILTRATION OF AMALGAM, MERCURY, ALLOY AND OTHER WASTE PARTICLES
- LONG FILTER LIFE

The ECO-Star® Amalgam Separator boasts a high containment capacity for extended service and pump life, cutting-edge cyclonic design with rapid velocity and waste capture. There are less parts, reducing potential leak and failure points and a fully molded design offering a clear view of the system in action. With ISO 11143:2008 certification by NSF, meeting Best Management Practices (BMPs), and over 99% removal, ECO-Star's® high efficiency cyclonic vacuum filtration solution leads the way in advanced vacuum filtration while also complying with the rigid amalgam separation requirement.

 **TECH WEST INC.**

Manufacturers of Dental Vacuum
and Air Systems

2625 N. Argyle Ave. • Fresno, CA 93727
(559) 291-1650 • (800) 428-7139 • FAX (559) 348-9677

The full unit includes mounting bracket and installation parts to make the install a breeze with virtually no turnover time! Tech West's® extra-large replacement canister is universally molded to fit currently installed competitive units, extending your frequency of necessary change outs and reducing expenses. All replacement canisters include an environmentally safe recycling program that meets both state and federal regulations.
