

Congratulations

Your dental professional has chosen to offer you the benefits of Digital Imaging with Air Techniques ScanX™ Digital Imaging System.

- **Reduced radiation exposure:**
With ScanX your dental professional minimizes the amount of x-ray you and your family members are exposed to.
- **Help for the environment:**
No chemicals are needed for the digital imaging of X-Rays with ScanX.
- **Faster Results:**
With the help of ScanX your doctor and his staff will be able to have image results faster and save you precious time waiting.
