Let us be your dental resource

New Horizons Edition
New Horizons Edition

Let us be your Parts Warehouse

Parts Warehouse manufactures and distributes only service and repair parts of North American design, quality and dependability. We do not manufacture or distribute dental units. Our directive is clear and unfettered, our aim is true:

We resolve not to compete with you.

We view ourselves solely as a support system for dealers and manufacturers alike.

Parts Warehouse. Clear, focused, dedicated.

Visit us online at www.dentalparts.com

No photographs, images, or text may be reproduced without prior written consent from Parts Warehouse. All photographs, images and text are protected by copyright laws to the greatest extent possible.

No restocking charges

Why should there be?

No minimum order size

What you want... when you want it. No matter how small or how large your order is, you will be treated with the same great service.

No hassle product warranty

If you believe that the product did not perform at a satisfactory level for its intended use then simply send it back, along with a copy of the original dealer invoice. For a product returned within 2 years (6 months for HP tubing) of its invoice date we will promptly repair or replace the product. Bulbs are warranted to be free from manufacturing defects at time of installation. Useful life of bulbs is not warranted.

No nonsense payment methods

We accept Visa, MasterCard and American Express—even more convenience for you!

DA Oilless Compressors

We have found the DA Oilless Air Compressors to be surprisingly quiet, particularly compared to other oilless compressors. All DA models are totally automatic, with each unit including a tank pressure gauge, line pressure gauge, line pressure regulator, moisture trap/filter, safety valve, air intake filter and motor cooling fan. The tanks are painted inside for additional protection.

The PERMA-DRY Air Purification Systems consist of a solid state after-cooler and a desiccant dryer with automatic back-purge system into a sanitary container. To minimize shipping charges, all product is shipped factory direct.

Silencing Cabinet included with items

25 kHz Magnetorestrictive Ultrasonic Scaler, Built-In

C-2153

This unit has the unique feature of Auto Gain Control (AGC) which adjusts and stabilizes the power requirements automatically. The LCD digital display allows the user to view the functions and power setting being used.

\$975.00

- › Brand name quality and performance
- › Complete with installation kit and power supply
- › Includes one P-10 Universal and one FS-100 Slimline insert
- › Accepts most other 25 kHz inserts
- › State of the art design and manufacturing techniques
- › 30 kHz tips available for other brands (see below)

Inserts for Ultrasonic Scaler Units

C-2156	25kHz #10 Universal External Flow
C-2157	25kHz #10 Universal Internal Flow
C-2158	25kHz #100 Furcation Slim Internal Flow
C-2162	25kHz #3 Beavertail Internal Flow
C-2163	25kHz 10L Left Angled Universal External Flow
C-2164	25kHz 10R Right Angled Universal External Flow
C-2165	25kHz #100 Furcation Slim External Flow
C-2166	25kHz SPA Series Universal Internal Flow

\$65.00 each

Piezo Ultrasonic Scaler, Built-In

C-2152

This unit has the unique feature of Auto Gain Control (AGC) which adjusts and stabilizes the power requirements automatically. The LCD digital display allows the user to view the functions and power setting being used.

\$975.00

- › Brand name quality and performance
- › Complete with installation kit and power supply
- › Autoclavable handpiece and four tips included
- › Maximum deposit and biofilm removal
- › Piezo = less heat = less coolant = better visibility

Piezo Ultrasonic Scalers offer less noise, lower heat generation and may be used effectively with a light touch. Effective on all tooth surfaces with any stroke motion.

R-C2152-3	Replacement Tubing	\$80.00
R-C2152-4	Replacement HP Tip	\$220.00

PARTS WAREHOUSE**Magnetorestrictive (Cavitron) Scaler Tips**

Mint-A-Kleen Dental Unit Waterline Disinfectant

Water line concerns? Mint-A-Kleen will ensure that morning water quality will begin near Zero CFU (Colony Forming Units) and that the total Heterotrophic Plate Counts should remain below the ADA recommended threshold of 200 CFU during the workday.

- › **LIQUID FORM:** Ready to use; avoid the inconvenience and hazards of powder mixing. Two-year shelf life.
- › **SAFE & PALATABLE:** Suitable for continuous oral usage with high speed HP or scaler. Contains no designated toxic substances and has no foul taste like powder-mixes. FDA Registered.
- › **NON-CORROSIVE & NON-STAINING:** Will not corrode, clog valves, stain or leave residue like powder mixes.
- › **ANTIMICROBIAL:** Protects patients and staff from cross-contamination and eliminates Pseudomonas aeruginosa in Dental Unit Water Lines.
- › **ECONOMICAL OVERNIGHT USE:** One 500 ml (17 oz) bottle will fill over 500' of 1/16" ID or 200' 1/8" ID Dental Tubing. On average, 1.5 to 2 oz per unit is all that is required.
- › **CHLORHEXIDINE BASE:** Protects staff from bacterial aerosols generated by the cutting or scaling of teeth.

MAK-OZ Mint-A-Kleen, Case of 10 x 500ml (16oz) bottles

\$130.00 MSRP

Tapmaster Faucet Controller

Tapmaster is an easily installed valve system which converts **any faucet** to a hands-free hygienic operation, resulting in a savings of time, energy and water. Frequent handwashing is the single most important measure to reduce the risk of transmitting organisms from one person to another. The Tapmaster makes handwashing easy, and because of its hands-free operation, super hygienic.

- › Hands-free
- › Momentary or continuous flow
- › No electrical requirements
- › Proven 10-year track record
- › Simple, speedy installation

\$498.00

C-1500 Foot-operated
C-1505 Knee-operated

Tapmaster Hands-Free
Faucet Control System is the
#1 choice among dentists,
dealers, casework and cabinetry
manufacturers in the
North American Dental Industry.

Seal-Tight® Disposable Air/Water Syringe Tips

Seal-Tight tips eliminate the need for tightening and loosening an adapter. Simply push in place for a perfect seal every time, and depress the yellow push-ring for instant tip removal! **NOTE:** All DentalEZ syringes manufactured after January 1997 will use an Adec adapter.

- › Infection protection
- › Quick disconnect
- › Economical
- › Eliminates water in air stream
- › Self-sealing rubber channel acts as new O-ring for perfect seal

4-Position Holder Bar

H-1090

- › One-piece design, easy to mount
- › Holds four universal instruments
- › 1-3/16" between mounting holes

\$21.50

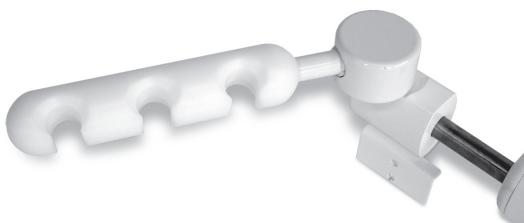

Post Mount Folding Arm/Hanger Assembly

S-1846

- › Includes 12" folding arm
- › Post mount bracket with swivel for 2" post
- › **C-2000** holder bar, 3 universal cavities
- › Accepts additional folding arm sections
- › Holder bar rotates 360°

\$224.00

Post Mount Tele-Arm/Hanger Assembly

S-1847

- › Includes **C-1906** telescopic arm
- › Post mount clamp provided
- › CV canister mounting bracket **S-1414** included
- › **C-2000** holder bar, 3 universal cavities
- › Holder bar rotates 360°

\$445.00

Reducing Bushing

- › Use to mount 2" clamps onto smaller posts
- › Convert 2" post mount options to fit smaller posts on demand

\$26.00

C-2031 Reduce 2" to 1.5"
C-2032 Reduce 2" to 1.7"

CV Canister Bracket

S-1414

- › White powdercoat finish
- › Includes mounting hardware
- › Fits **C-1906** telescoping arm
- › Doubles as an under-counter mount

\$13.00

Assistant's Telescoping Arm

C-1906

- › Lightweight aluminum extrusion
- › Sleek new profile, tough powdercoat finish
- › Adjustable hanger height
- › 1/2" mounting accepts variety of hanger bars

\$300.00

Aseptic Folding Arm Sections

- › Lightweight aluminum extrusion
- › Sleek new profile, tough powdercoat finish
- › Adjustable bearing tension
- › 1/2" pins and bushings accept a variety of mounting brackets and hanger bars

**TRAP-ease Vacuum Screen**

A patented self-contained evacuation trap designed to promote simplified and sanitary disposal. A specially incorporated lid system means no more messy and unsanitary removal of the vacuum trap—all waste is trapped inside the screen and disposed. Regular use of TRAP-ease helps avoid bio-burden overflow and the resulting difficulty of removing traps. Eliminate the most disliked chore in your office and maintain maximum vacuum efficiency. Patent number 5571412.

- › Disposable enclosed vacuum traps
- › Reduces bio-burden buildup
- › Easy removal
- › Eliminates overflow

\$64.00 each package of 144

Air Vacuum System, Self Contained

S-1825

- › Air-operated HVE requires 60–80 PSI @ 1 CFM
- › Pulls 3.00 In Hg at tip
- › 32 oz collection canister, no drain required
- › Includes mounting clamp and hardware
- › HVE includes 6' asepsis vacuum line

\$450.00

R-S1825-1	Replacement Canister	\$38.00
S-1001	SE Tip Adapter.....	\$10.00

Air Vacuum System, Auto-draining

S-1830

- › Air-operated HVE requires 60–80 PSI @ 1 CFM
- › Pulls 3.00 In Hg at tip
- › 8 oz. self draining collection canister
- › Includes mounting clamp and hardware
- › HVE includes 5' asepsis vacuum line
- › Shipped with 9' drain line

\$500.00

Vacuum System Spare Parts

- › For Air Vacuum Systems S-1825 and S-1830

R-S1825-1	Canister with filter	\$38.00
R-S1825-2	Nozzle assembly.....	\$179.00
R-S1825-2A	Button cartridge assembly.....	\$54.00
R-S1825-2B	Nozzle with tubing.....	\$199.00
R-S1825-6	Replacement filter	\$7.00
R-S1830-5	Quick Disconnect, male.....	\$38.00
R-S1830-7	Quick Disconnect, female.....	\$19.50

Air/Water Saliva Ejector Venturi

S-1820

- › Uses 30-50 PSI water to create suction or minimum 1CFM @ 60 PSI
- › Saliva Ejector with 6-feet of tubing
- › Includes vacuum generator, on/off toggle, drain line and installation hardware

\$156.00

Air/Water Saliva Ejector Venturi

V-1605

- › Plated brass construction
- › Serviceable Venturi

\$89.00

Air Venturi

V-1606

- › Use for an SE
- › Simple to connect
- › Plastic outer body with brass ports

\$31.50

CV Canister Bracket

S-1414

- › White powdercoat finish
- › Includes mounting hardware
- › Fits C-1906 telescoping arm
- › Doubles as an under-counter mount

\$13.00

Vacuum Canister Mounting Bracket

S-1413

- › Powdercoat steel
- › Fits S-1385, S-1386 and others
- › Fits all bottom mount canisters
- › Mounts vacuum canister to a vertical surface

\$15.00

Large Air-Water Separator

S-1388

- › 2 gallon volume, 15" Tall
- › Heavy Duty Molded polyethylene
- › 1" drain port on base
- › Side mounted twin 1-1/4" inlet ports
- › Use for twin pump installation
- › Adjustable powdercoated steel mounting bracket
- › Threaded barb selection included

\$285.00

Small Air-Water Separator

S-1389

- › 1 gallon volume, 12" Tall
- › Heavy Duty Molded polyethylene
- › 3/4" drain port on base
- › Side mounted twin 3/4" inlet ports
- › Use for single pump installation
- › Adjustable powdercoated steel mounting bracket
- › Threaded barb selection included

\$195.50

Disposable Trap-Evac

- › Inside diameter of threaded flange is 2-3/8" for model 2200

\$88.00 each package (pkg sized below)

2200	Fits 1, 2 hp DentalEz single models Apollo 1 hp, 1.5 single & tandem models Air Techniques-Vacstar models Ohmeda-Matrix most models Turbine Industries Techwest-Whirl Vac models Vacudent-Workhorse single plus a number of other units (Qty 12)
2300	Fits DentalEz dual models made after 1978 and Dentsply made after 1991 Matrix 1000, 2000 Drymax (Qty 8)
2350-FS	Fits Apollo 2hp, 3hp single & tandem models Air Techniques - 1997 and later dual models Vacudent - Workhorse dual Newer Vacstar models New finer mesh screen (Qty 8)
2400	Fits Dentsply-MVS .75, 1.5, 2.0, 4.0 models made before 1991 (Qty 8)

Muffler, Suction System

S-1384

- › Softens exhaust noise
- › Easy to install in-line
- › 3/4" female inlet + outlet

\$44.00

Replacement Heads

Pinnacle replacement heads are available for most vacuum pumps. The head is the part of the vacuum pump where the Evac-U-Trap canister is attached.

\$18.00 MSRP each

2234	Replacement head 3/4" FPT (matches #2200)
2301	Replacement head 1" FPT (matches #2300 and #2350-FS)

Cuspidor Vacuum Drain Kit

S-1392

- › Converts any cuspidor to vacuum drain
- › Accepts 5/8" drain line, adaptable
- › Fully automatic, silent running
- › In-line filter included

\$184.00

R-S1392-1	Drain valve with diaphragm	\$98.00
S-1817	Diaphragm only.....	\$9.00

Workstation Vacuum Drain Kit

S-1815

- › Silent running
- › Fully automatic
- › In-line filter included
- › Includes all drain/suction adapter hardware
- › Converts most workstations to vacuum drain

\$184.00

R-S1392-1	Drain valve with diaphragm	\$98.00
S-1817	Diaphragm only.....	\$9.00

Suction / Drainline Pre-filter

S-1390

- › Use to remove heavy debris from suction or drain line
- › Easy to clean stainless screen
- › Exchangeable 5/8" barb inlet/outlet

\$37.00

R-S1390-2	Replacement gasket.....	\$2.00
R-S1390-4	Replacement bowl.....	\$14.00

Replacement Screen

S-1390-2

- › Fits all vacuum drain kits
- › Direct replacement for **S-1390**
- › Woven stainless steel
- › 1" diameter x 1-3/8" long

\$6.50

Barbed Vacuum Adaptors

- › Plastic Barbs fit into tubing with same I.D. as barb size.

P-1910	1/2" NPT x 1/2" Barb.....	\$1.30
P-1911	1/2" NPT x 5/8" Barb	\$1.30

P-1916	1" x 1" Barb.....	\$2.50

In-line Manual On/Off Valve

- › Use for vacuum shut down applications

\$24.00

V-1810	1/2" x 1/2" Barbed fittings
V-1811	5/8" x 5/8" Barbed fittings
V-1812	1/2" x 5/8" Barbed fittings

Vacuum gauge

C-2507

- › Registers down to 30" of Hg
- › 1/8" MPT fitting

\$22.00

25 kHz Magnetorestrictive Ultrasonic Scaler, Built-In

C-2153

This unit has the unique feature of Auto Gain Control (AGC) which adjusts and stabilizes the power requirements automatically. The LCD digital display allows the user to view the functions and power setting being used.

\$975.00

- › Brand name quality and performance
- › Complete with installation kit and power supply
- › Includes one P-10 Universal and one FS-100 Slimline insert
- › Accepts most other 25 kHz inserts
- › State of the art design and manufacturing techniques
- › 30 kHz tips available for other brands (see below)

Inserts for Ultrasonic Scaler Units

C-2156	25kHz #10 Universal External Flow
C-2157	25kHz #10 Universal Internal Flow
C-2158	25kHz #100 Furcation Slim Internal Flow
C-2162	25kHz #3 Beavertail Internal Flow
C-2163	25kHz 10L Left Angled Universal External Flow

C-2165	25kHz #100 Furcation Slim External Flow
C-2166	25kHz SPA Series Universal Internal Flow

\$65.00 each

C-2159	30kHz #10 Universal External Flow
C-2160	30kHz #10 Universal Internal Flow
C-2161	30kHz #100 Furcation Slim Internal Flow
C-2167	30kHz #3 Beavertail Internal Flow
C-2168	30kHz 10L Left Angled Universal External Flow
C-2169	30kHz 10R Right Angled Universal External Flow
C-2170	30kHz #100 Furcation Slim External Flow
C-2171	30kHz SPA Series Universal Internal Flow

\$65.00 each

Piezo Ultrasonic Scaler, Built-In

C-2152

This unit has the unique feature of Auto Gain Control (AGC) which adjusts and stabilizes the power requirements automatically. The LCD digital display allows the user to view the functions and power setting being used.

\$975.00

- › Brand name quality and performance
- › Complete with installation kit and power supply
- › Autoclavable handpiece and four tips included
- › Maximum deposit and biofilm removal
- › Piezo = less heat = less coolant = better visibility

Piezo Ultrasonic Scalers offer less noise, lower heat generation and may be used effectively with a light touch. Effective on all tooth surfaces with any stroke motion.

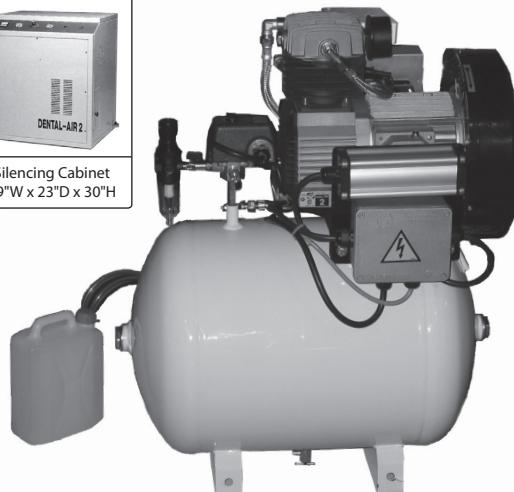

R-C2152-3	Replacement Tubing.....	\$80.00
R-C2152-4	Replacement HP Tip	\$220.00

DA Oilless Compressors

We have found the DA Oilless Air Compressors to be surprisingly quiet, particularly compared to other oilless compressors. All DA models are totally automatic, with each unit including a tank pressure gauge, line pressure gauge, line pressure regulator, moisture trap/filter, safety valve, air intake filter and motor cooling fan. The tanks are painted inside for additional protection.

The PERMA-DRY Air Purification Systems consist of a solid state after-cooler and a desiccant dryer with automatic back-purge system into a sanitary container. To minimize shipping charges, all product is shipped factory direct.

Silencing Cabinet included with items

No hassle product warranty

If you believe that the product did not perform at a satisfactory level for its intended use then simply send it back, along with a copy of the original dealer invoice. For a product returned within 2 years (6 months for HP tubing) of its invoice date we will promptly repair or replace the product. Bulbs are warranted to be free from manufacturing defects at time of installation. Useful life of bulbs is not warranted.

RDH-2000 QD Fluid Dispenser

C-1310

Introducing a self-contained reservoir system for delivering medicated solutions to scalers. Powered by air provided through a 1/4" female quick disconnect, the RDH-2000 delivers the medicated solution (Mint-A-Kleen) to the scaler via its water supply tubing. The slim line manifold houses a built in pressure regulator (35psi), and a pressure relief valve. Includes a one liter HDPE bottle and one 16oz. bottle of Mint-A-Kleen.

\$218.00

Water Bottle, Xtra Heavy Duty

- › Fits most existing systems
- › Heavy duty wall thickness for strength (HDPE)
- › Three sizes for any requirement
- › Tested to 10,000 cycles

Voltage Stabilized Handpiece Illumination Systems

These power-optic systems easily install into most dental units. Simply choose between single vs. multiple handpiece systems, then select a kit with the desired nine foot handpiece tubing. All systems include one handpiece tubing with Halogen bulb, voltage stabilizer module with integrated air-electric switches and remote power supply. Additional tubings can be ordered from the list at the bottom of the page.

Single Handpiece Illumination Kits

Dual/Triple Handpiece Illumination Kits

- Includes only one HP Tubing

Handpiece Tubing Only (Bulb not included)

Multi handpiece controllers include newly developed circuitry which maintains illumination for 5 seconds after the foot control is released. All systems provide stabilized voltage to the handpiece regardless of local voltage fluctuations, spikes or dips. Combined with soft start technology, these voltage stabilized systems eliminate color variations and extend bulb life.

3 H.P. Power-Optic Module

This self contained all inclusive power-optic driver includes the features most requested in the field. Compact and solid state ruggedness allows for installation in a variety of tight places. Refer to requirements below.

- › 3 x Built-in air electric switches
- › Time delay
- › Voltage stabilizing
- › Solid state
- › Output 3.5 Volts

REQUIREMENTS

- › For up to 3 HP systems
- › For use with a power supply like E-1405, 12vAC

C-2123	Module with N/C Air-Electric Switch.....	\$350.00
C-2124	Module with N/O Air-Electric Switch	\$350.00

Power-Optic Voltage Stabilizer

C-2120

This can be the answer to replacing those expensive power-optic bulbs so often, and maintaining consistent intensity and color. Bulb life is shortened as the filament is stressed when full voltage is applied instantly upon start-up, and from daily voltage spikes and dips. Add our Voltage Stabilizer to almost any single HP economy power-optic system. Refer to requirements below.

- › Soft-start technology extends power-optic bulb life
- › Potential to pay for itself in bulb savings
- › Helps eliminate color variations due to voltage fluctuations
- › Protects bulb from voltage spikes and dips

\$55.00

REQUIREMENTS

- › For 1 HP economy systems only
- › For use with power supply E-1406, supplying 3.6 Volts AC

R-C2121-1	Stabilizer with N/C Air-Electric Switch	\$75.00
R-C2122-1	Stabilizer with N/O Air-Electric Switch.....	\$75.00

Power-Optic Lamp Module

- › Select between 5-Hole and 6-pin styles
- › Use with 5-Hole ISO style power-optic tubing
- › 3.5 VDC, 720 mA

\$66.00

- E-1579** Module for current 6-pin style DCI systems (red gasket)
E-1581 Fits Kinetics, Proma and older DCI 5-Hole style (black gasket)

Handpiece Purge Station with HEPA Filter

C-1875

- › Purges excess lubricant and water from handpiece
- › Patented Bio-Cleanse HEPA exhaust filter
- › HEPA Filter helps protect operator from air-borne pathogens
- › Provides for quick and easy handpiece maintenance
- › Exhaust reservoir safely collects excess lubricant
- › Purges handpiece coolant air and water lines
- › Easy view gauge with adjustable air regulator
- › Air supply line with 1/4" male quick-disconnect included
- › Compact size requires little counter space
- › Handpiece adapter required (see below)

\$198.00

LubriCleanse

C-2680

LubriCleanse provides a safe and simple method of lubricating your handpieces while significantly extending their life. Only three drops of LubriCleanse cleans, lubricates and protects your highspeed handpieces and lowspeed air-motors, while meeting or exceeding all handpiece manufacturers' specifications. Eliminates need for post-sterilization lubrication. **Shipped in twin-pack** of 2oz. bottles.

\$92.00

Handpiece Lab System

- › Requires only air supply
- › Handpiece holder and tubing included
- › Foot control and regulator pre-connected

C-1821	Basic.....	\$135.00
C-1822	With gauge.....	\$165.00
C-1823	With gauge and filter.....	\$185.00

Bottle Upgrade for HP Purge Station

- › Use as a replacement for most brands of HP Purge Stations
- › Upgrades all units to accept Bio-Cleanse HEPA Filter System

C-1876	Bottle with milled cap (filter not included)	\$12.00
C-2690	Single HEPA filter.....	\$8.00

X-ray Viewer

C-2175

- › Compact and lightweight
- › 8" x 11-1/2" viewing area
- › Accepts Pan, Bitewing, and Periapicals
- › Wall mount or standalone
- › Swivel mounts available for round or square arms
- › Low voltage, power supply included
- › Provided clips retain film
- › Bulbs and LEDs provide even diffused backlight

\$170.00

OPTIONAL ITEMS

C-2178	Mount for flat surface.....	\$80.00
C-2179	Mount for 2" diameter round arm.....	\$80.00
C-2176	Spare bulb.....	\$34.00

Cuspidor Bowl

C-1813

- › Fired ceramic quality
- › Enhanced appearance
- › O-rings included
- › Fits 2-1/2" drain

\$110.00

C-1812	Base O-ring.....	\$2.50
--------	------------------	---------------

Time-Delay Kits

- › Easy to install and adjust
- › Convert manual bowl rinse, cup fillers or power optic systems to adjustable time delay
- › Compact; fits into tight spaces
- › Replace expensive and difficult to repair diaphragm systems

C-2700	Cuspidor	\$80.00
C-2705	Power-optic	\$50.00

Large Air-Water Separator

S-1388

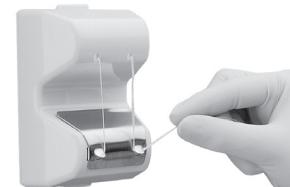

- › 2 gallon volume, 15" tall
- › Heavy wall molded polyethylene
- › 1" drain port on base
- › Side mounted twin 1-1/4" inlet ports
- › Use for twin pump installation
- › Adjustable powdercoated steel mounting bracket
- › Threaded barb selection included

\$285.00

Floss-Fix Clinical Series

The only floss dispenser for non-contact dental operatories!

HYGIENIC

- › Enables contact-free floss dispensing
- › Smooth clean contours facilitate surface disinfection
- › Cutter shields detach for autoclaving

VERSATILE

- › Quickly mounts in a variety of convenient locations
- › Accepts most brands of 200 yd. floss spools

EFFICIENT

- › Stainless steel cutters sever floss quickly and easily
- › Wall mounted, requires no counter or tray space
- › Measures just 4" x 3" x 2"
- › Uses economical 200 yd. floss spools
- › Reloading floss is a snap!

C-2670W	White	\$23.00
C-2670T	Teal-Blue	\$23.00
C-2670M	Mauve.....	\$23.00
R-C2670-1	Stainless steel floss cutter.....	\$4.00

Small Air-Water Separator

S-1389

- › 1 gallon volume, 12" tall
- › Heavy wall molded polyethylene
- › 3/4" drain port on base
- › Top mounted twin 3/4" inlet ports
- › Use for single pump installation
- › Adjustable powdercoated steel mounting bracket
- › Threaded barb selection included

\$195.50

The Field Proven Rasch Amalgam Separator

Rasch has been marketing amalgam separation systems worldwide since 1987. The design was initially developed for the European market, and has been refined over time to provide trouble-free world-wide operation. Four models, each using the same Rasch amalgam separator canister, are offered to facilitate specific types of installations. **5 year warranty.**

AB Dental Trends Amalgam Separation, providing the broadest coverage and support for North America.

Common features of all models:

- › Certified to exceed the ISO 11143 test at 99.3%
- › Small footprint for tight spaces
- › High max throughput of 4 liters per minute

- › Quick change of canisters
- › Cuspidors easily handled
- › Recycling and return shipping is included
- › Each canister lasts 18 months per doctor

In-Line Version

890-1500

- › Ideal for typical clinics
- › Flexible installation for all suction lines
- › Floor or wall mount
- › Includes rack and buffer tank
- › Integrated port for optional overflow alarm

890-5500

\$695.00 MSRP

Dry Pump Outlet System

890-6000

- › Installed in small clinics and major hospitals around the world
- › Attaches to the outlet of the pump collector tank
- › Large facilities may use a simple manifold for the desired number of canisters to accommodate multiple doctors and higher flow rates

\$525.00 MSRP

Portable Version

In Canada, sold exclusively through Sinclair Dental.

890-7000

- › Unique system for hospitals doing occasional dental work, remote clinics operated in multi-use facilities, and portable clinics
- › Store with portable evacuation pump under the counter or in cabinet
- › At the end of operatory day, lay the drain hose into the sink, open two valves, pour your waste collector jar into the top funnel opening, quick-flush and prepare for storage.

\$985.00 MSRP

Replacement Canister

890-2000

- › Includes disinfectant, return shipping and recycling in Canada and the lower 48 states.

\$535.00 MSRP

HIGH EFFICIENCY SCRUBBER KITS ALSO AVAILABLE! CALL 1-800-817-6704 FOR MORE INFORMATION.

**Storage Organizer, White Lid****C-1802W**

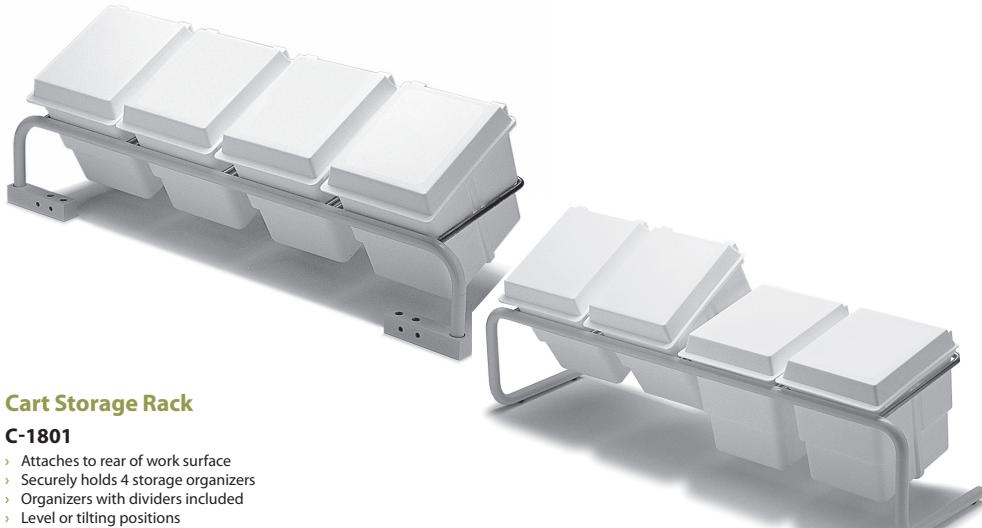

- › Includes a selection of dividers

- › \$60.00

Power-Optic Voltage Stabilizer**C-2120**

This can be the answer to replacing those expensive power-optic bulbs so often, and maintaining consistent intensity and color. Bulb life is shortened as the filament is stressed when full voltage is applied instantly upon start-up, and from daily voltage spikes and dips. Add our Voltage Stabilizer to almost any single HP economy power-optic system. Refer to requirements below.

- › Soft-start technology extends power-optic bulb life
- › Potential to pay for itself in bulb savings
- › Helps eliminate color variations due to voltage fluctuations
- › Protects bulb from voltage spikes and dips

\$55.00**REQUIREMENTS**

- › For 1 HP economy systems only
- › For use with power supply E-1406, supplying 3.6 Volts AC

R-C2121-1	Stabilizer with N/C Air-Electric Switch	\$75.00
R-C2122-1	Stabilizer with N/O Air-Electric Switch.....	\$75.00

Valve Mounting Bracket

C-2503

- › Two hole sizes
- › Quick-Disconnect
- › Accepts standard toggle/flow control
- › Great for Cavitron supply
- › 1/2" and 11/16" holes

\$7.50

7/16" Mounting Bracket

C-2649

- › For mounting most valves or mini-reg's requiring 7/16" hole

\$2.50

Knob

- › Fits 1/4" shafts
- › Secures with set screw
- › Choose from Grey or Black

\$2.00**V-1513G** Grey knob**V-1513B** Black knob

Replacement Toggles

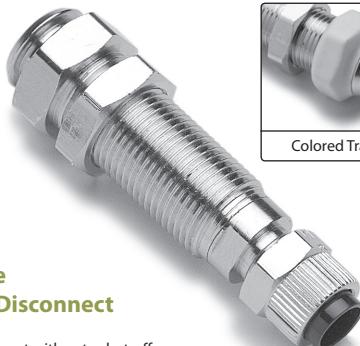

- › Tough but flexible
- › Choice of black or grey
- › On/off or momentary

\$1.50**V-1540G** Grey on/off**V-1540B** Black on/off**V-1545G** Grey momentary**V-1545B** Black momentary

Barbed Vacuum Adaptors

- › Plastic Barbs fit into tubing with same I.D. as barb size.

P-1910	1/2" NPT x 1/2" Barb.....	\$1.30
P-1911	1/2" NPT x 5/8" Barb	\$1.30

1/4" Panel Mount Coupler with Barb

P-1075

- › With auto shut-off
- › 10-32 female rear connection
- › Chrome plated brass

\$15.00

QD x MPT Pipe Coupler with Shut-off

P-1696	1/4" x 1/8"	\$6.40
P-1695	1/4" x 1/4".....	\$8.00
P-1694	3/8" x 1/4"	\$9.80

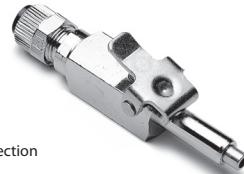

Poly Tube End

P-1699	1/4" poly x 3/8" compression	\$5.50
P-1698	3/8" poly x 3/8" compression.....	\$6.00

Male Quick Disconnect with Shut-off

- › With auto shut-off
- › 1/4" or 3/8" poly-flow rear connection
- › Chrome plated brass

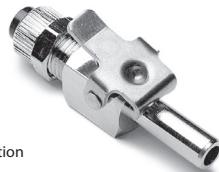

P-1070-AS	1/4" male QD	\$11.50
P-1692	3/8" male QD	\$14.50

Male Quick Disconnect

- › Without auto shut-off
- › 1/4" or 3/8" poly-flow rear connection
- › Chrome plated brass

P-1070	1/4" male QD	\$8.50
P-1693	3/8" male QD	\$10.50

1/4" QD with 10-32 Rear Port

P-1072

- › Fits 1/4" female QDs
- › 10-32 female threaded rear port
- › Plated brass

\$14.00

10-32 Female Compression Tube

P-1868	3/8" Tube, each.....	\$4.50
P-1868-5	3/8" Tube, package of 5	\$22.50
P-1873	1/4" Tube, each	\$4.00
P-1873-5	1/4" Tube, package of 5	\$20.00

Compression Barb

- › Use to connect 1/4" tubing to female 3/8" compression fitting

P-1081	Compression Barb	\$3.50
P-1081-5	Compression Barb, package of 5	\$17.50

Brass Cross

- › (4) 10-32 female ports
- › Plated brass

P-1815	Brass Cross, each	\$1.70
P-1815-10	Brass Cross, package of 10	\$17.00

**1/8" x 10-32****Brass Barb**

- › Plated brass
- › Leak-free washer sealing surface
- › Common 10-32 thread

P-1053-50	1/8" Barb, package of 50.....	\$18.00
P-1053-100	1/8" Barb, package of 100.....	\$36.00

**Brass Hex Plug, 10-32**

- › Plated brass
- › Leak-free washer sealing surface
- › Common 10-32 thread

P-1054-50	10-32 Hex Plugs, package of 50.....	\$16.50
P-1054-100	10-32 Hex Plugs, package of 100.....	\$33.00

P-1062-100	1/4" ID, package of 100.....	\$15.60

**Brass Tee**

- › 10-32 female ports
- › Plated brass

P-1820	Brass Tee, each	\$1.70
P-1820-10	Brass Tee, package of 10	\$17.00
P-1820-25	Brass Tee, package of 25	\$42.50

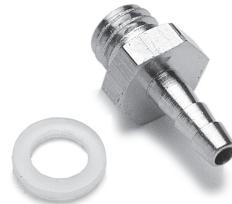

1/16" x 10-32**Brass Barb**

- › Plated brass
- › Leak-free washer sealing surface
- › Common 10-32 thread

P-1052-50	1/16" Barb, package of 50.....	\$16.00
P-1052-100	1/16" Barb, package of 100.....	\$32.00

**1/16" x 8-32 Barb
with Washer****P-1060-10**

- › Fits 8-32 syringe head and control blocks
- › Package of 10 each
- › Plated brass

\$7.00**Barb, Washer,
and Collar Kits**

- › Convenient 10-Packs of 10-32 threaded bars with sealing washers and matching tubing collars
- › Order 1/16" bars for 1/8" tubing
- › Order 1/8" bars for 1/4" tubing

P-1884	1/16" Barb Kit	\$5.50
P-1885	1/8" Barb Kit	\$5.50

Nylon Washer, #10

- › Designed for leak-free seals
- › Use on all 10-32 threaded fittings
- › Low distortion nylon

P-1055-100	Package of 100	\$4.50
P-1055-500	Package of 500	\$22.50

1/16" - 1/8" Stepped 10-32 Barb

P-1076

- › Plated brass
- › Allows hookup flexibility
- › Use for portable equipment hookup fitting

\$6.00

Hose End Plug

- › Plated brass
- › Terminates hookup tubing
- › Package of 10

\$7.00

P-1085-10 1/16" plug for 1/8" tube
P-1086-10 1/8" plug for 1/4" tube

Brass Press Barb

- › Solid brass
- › Use where thread clearance is low

\$1.50

P-1047 1/16" brass barb
P-1048 1/8" brass barb

Extended Thread Barb

- › Extended 10-32 threads
- › Longer threads hold in plastic without stripping.

P-1886	1/16" Extended Thread Barb, each.....	\$0.80
P-1886-10	1/16" Extended Thread Barb, package of 10	\$8.00
