O2 flow rate can be reduced to as low as 1 liter per minute to match patient breathing volumes while still maintaining minimum 30% O2 and 70% maximum N2O

PC7-C FLUSHMOUNT FLOWMETER

The PC7-C has been reconfigured to fit flush into today's cabinetry and provides the same time proven precision and dependability as our standard PC-7 unit.

Dimensions - 4.25" H X 12.187" W X 4.687" D

- **ON/OFF CONTROL.** Simple 1/4 turn, establishes a 3 liter minimum O2 flow.
- **OXYGEN FLUSH.** Provides rapid flow of oxygen directly into patient breathing circuit.
- **MICROMETER NEEDLE VALVES.** Allow quick, responsive flow adjustments. Needle valve design prevents seat damage.
- **MINIMUM 30% O2** is achieved by limiting flows to a minimum of 3 liters for O2 and a maximum of 7 liters for N2O.
- **DUAL CASCADING FLOWMETER TUBES.** O2 and N2O are calibrated in liters per minute.
- **OXYGEN FAIL-SAFE.** Automatically and proportionally reduces N2O in the event O2 is reduced or shut off.
- **SOLID GAS CONTROL BLOCK.** Designed to eliminate internal gas leaks.
- **O2 QUICK CONNECT.** Provides connection of auxiliary resuscitation equipment.
- **NRB CHECK VALVE.** Prevents the rebreathing of expired gases and guards against CO2 build-up.
- **EMERGENCY AIR VALVE.** Entrains ambient air into the breathing circuit in the event flow from the machine is lost for any reason.

Defender AUTOMATIC CHANGEOVER MANIFOLD

The Belmed *Defender* Automatic Changeover Manifold is the perfect manifold solution for your dental nitrous oxide delivery system. The Defender can accommodate two cylinders for both oxygen and nitrous oxide. This manifold is fully automatic and will switch from "In-Use" to "Reserve" tank without fluctuations in the gas delivery. The "Empty" indicator will remain lit until a new cylinder is connected and the appropriate pressure is detected by the manifold. The system is auto-sensing... no need to manually reset the manifold after a cylinder change.

- Easy to read LED display clearly shows gas pressures and cylinder status
- Automatic detection of cylinder pressure, no manual reset is required
- Medical grade sensors that give you the reliability you need
- Integrated Dry Contacts for additional remote monitoring
- Complies with NFPA 99

POLICIES

Terms: Net 30 Days. Accounts over 60 days past due will be placed on credit hold.
Prices: All prices are F.O.B. Red Lion, PA and subject to change without notice. Minimum order \$25.00.

WARRANTY

Definition of a Warranty Return: A product or part covered by the Belmed. Inc. warranty, that fails while the terms of the warranty are in effect.

THIS WARRANTY IS GIVEN IN PLACE OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE.

No statement or claim about the product by any employee, agent, representative or dealer of Belmed Inc. shall constitute a warranty by Belmed Inc. or give rise to any liability or obligation of Belmed Inc.

Subject to the next sentence Belmed Inc., warrants that each product or part shall be free from defects in workmanship and materials, under normal use and with appropriate maintenance, for one (1) year from the date of delivery to customer. For plastic, rubber and disposable parts or items Belmed, Inc. warrants only that each such part and item shall be free from defects in workmanship and materials at the time of delivery to the customer.

Belmed Inc.'s obligation for breach of this warranty, or for negligence or otherwise, shall be strictly and exclusively limited to Belmed Inc.'s choice of repair or replacement of the product or part. **This warranty shall be void for any product on which the serial number has been altered, defaced or removed.**

Belmed, Inc. shall not be liable for any damage, injury or loss arising out of the use of the product, whether as a result of a defect in the product or otherwise, if prior to such damage, injury or loss, the product was (1) damaged, misused, or misappropriated; (2) repaired, altered or modified by persons other than Belmed, Inc. (3) not installed in strict compliance with applicable codes and ordinances; or (4) not installed by Belmed, Inc. or an authorized Belmed, Inc. dealer.

UNDER NO CIRCUMSTANCES SHALL BELMED INC. BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES AS THOSE TERMS ARE DEFINED IN THE UNIFORM COMMERCIAL CODE.

Equipment Repair - Repair Procedures:

Belmed, Inc. offers evaluation and repair service on all Belmed Products. We provide excellent turnaround on all products with customer approval for service-repair work. Initial \$35.00 inspection fee will be charged.

Shipping Procedures:

Products returned for repair will be accepted without a return authorization number. Specify that it is an item for repair and marked to the attention of the Repair Service Center.

Returning Goods:

1. The following will Not be accepted for credit:
 - Rubber goods over 30 days old
 - Rubber goods not in original, sealed package
 - All hoses
2. A 20% restocking charge will be deducted from the original purchase amount for all credits issued, except for return due to:
 - Belmed Inc. order entry error
 - Warranty returns
3. There is a minimum restocking charge of \$10.00
4. Return Authorization (RA) numbers are valid for 30 days after the date issued.
5. Freight charges will not be credited.
6. Freight collect shipments are not accepted.
7. If merchandise is found to have been misused or in any way damaged after shipment from Belmed Inc., credit will be made less charges for repair and less the 20% restocking charge. If merchandise is not salvageable, no credit will be issued.
8. All claims for damage or shortage occurring in transit must be made by the customer directly to the carrier.

Warranty Returns:

1. Merchandise returned for warranty credit or replacement must have been purchased from Belmed within the specified warranty period or proof of installation within that time will be required.
2. Defective items will, at Belmed Inc.'s discretion, either be repaired or replaced with equivalent merchandise.
3. If merchandise is found to not be defective the 20% restocking fee will be charged.
4. Freight charges to return defective merchandise to Belmed Inc. are not reimbursable.
5. Freight charges to ship replacement or repaired merchandise to customer will be paid by Belmed Inc.

Customer Instructions:

Please follow the procedures outlined below so there is no delay of credit to your account.
You must have a Return Authorization (RA) number before returning any merchandise to Belmed Inc. - except for out-of-warranty repairs for servicing. Credit may be issued only after the merchandise is returned to and inspected by Belmed Inc. and determination is made that credit is due.

To Receive a Return Authorization:

1. Call your Belmed Inc. Customer Service Representative.
2. Be prepared to provide the following information:
 - a. Our invoice number and date.
 - b. Product description, product number, and serial number (if applicable).
 - c. Reason you wish to return the merchandise.
3. Your Customer Service Representative will give you an RA number. A separate RA number will be provided for each Belmed Inc. invoice reference. The RA number authorizes our receiving department to accept the merchandise.
4. Enclose a copy of our original invoice.
5. Send the merchandise freight pre-paid.

Shortages:

Any shortages or discrepancies with orders must be reported to Belmed within 5 days ARO.
